

Wireless 54 Mbps Wireless Router with QoS

WBR-3408

H/W Version: 2

Great reliability and performance from LevelOne

The LevelOne WBR-3408 brings solid performance and fast wireless speeds to your home network. Using tried and true 802.11g technology, you're able to achieve up to 54Mbps throughput to the 4 10/100 Mbps LAN ports, you're also able to add other computers and network devices.

Firewall

The WBR-3408 comes with an advanced firewall and filtering function to prevent any unauthorized access to your network from the Internet.

Quality of Service (QoS)

QoS offers greater control over your network

traffic. If you would rather have your gaming packets sent at top priority, then you can easily establish which traffic takes the number one spot in the easy-to-use web browser interface.

Wi-Fi Protected Setup

Do you have problems setting up your wireless security?

LevelOne's WBR-3408 comes with a built-in Wi-Fi Protected Setup (WPS) button to make this task easier. By simply pushing a button you can establish a secure wireless connection between your router and other devices. It also comes with the highest available WPA2-AES wireless security to protect all your data.
